SUMMARY

I am currently studying Information Technology at the Aalto University School of Electrical Engineering.

I am interested in getting real-world experience in the tech field, especially as a trainee or in a part-time position. Despite being a beginner in my studies, I have multiple projects and hackathons worth of experience in the field, some of which have had 10k+ visitors a month. Hoping to hear back from you! 🙌

Feel free to visit my portfolio website at vinski.fi where you'll find more information on my personal projects!

VOLUNTEERING & LEADERSHIP

VOLUNTEER STAFF
SLUSH 2023
NOV 2023 - DEC 2023

- I was part of the Event Badge Claim team that registered over 13,000 attendees to the world's leading startup event, Slush. I used an internal badge claim tool to assign badges and wristbands to different ticket types, ensuring a smooth and efficient customer journey. I also performed additional tasks to support the event operations and the Slush magic.

I received positive feedback from the attendees and the organizers for my excellent customer service skills, teamwork, and reliability. I enjoyed being part of the Slush community and contributing to its mission of creating and helping the next generation of groundbreaking entrepreneurs.

TEAM LEADER
SUOMEN PARTIOLAISET
JAN 2016 - AUG 2021

- I led two groups of 12 to 17-year-olds for which I went through ROK (group leader) training. I also worked as the social media manager for our scout group for the last two years of my experience, which included managing the group's website and social media accounts.
- I was awarded the Louhisuden solki, a prestigious scout merit badge, for my outstanding work as a patrol leader. The badge is given to 15–18-year-old scouts who have demonstrated leadership skills, teamwork, and commitment to the scout values.
